

Zombie

Family Force 5

Hi, I figured this song wasn't tabbed so I did, hope it sounds right and it's not too hard to play ;)

Intro: **Em G F# F**

Song:

Em G F# F

Airborne, sound the air horn
It's a contagion, invasion, rampaging with no vaccination
Six feet down, coming out of the ground
Looks like it's getting around
It's a virus, apocalyptic,
You won't survive this
You can't predict it, hey!

Em

Chaotic, psychotic

F# F

Death defying, lifeless logic
It's scary, supernatural
Knock me down, I'm so come-back-able
Not dead, undead, a new creation
Zombie regeneration
Fresh flesh, but I don't need a headshot
Still hot, still rock

Em

Worldwide, infected
I'm back, resurrected
Whole life I remember it fondly
Watch me walk like a zombie

Em G

Zombie zombie zombie,

F# F

Zombie zombie zombie,

Em G

Re-re-reanimated,

F# F

Back-back-back-back from the dead

Em

Walk, watch me walk, watch me walk,
Watch me walk like a zombie

G F#

Walk, watch me walk, watch me walk,

F

Watch me walk like a zombie

Em

I m a zombie, who I want to be
Not a wannabe but a zombie

G

I know, insanity, unattainable, unchainable

F# **F**

Zombie-ance is uncontainable

Em

Run for your-ru-ru-run for your life, what
Bon-Appetite, I got a new appetite

G

Transformed, be-be-be-be-reborn, uh

F# **F**

Love bites and it s in rare form

then reapeat chorus.
