

Everytime
Family of the Year

G **Am** **D**
I haven't seen you since you left LA,
C **Am**
I want to say I'm sorry now.
G **Am** **D**
You know I wanted things to be okay,
C **Am**
You know how hard it is.

G
Everytime you love,
D
Everytime you try,
Am **C**
You think another memory
G **D**
I don't know where it goes or what we're going to do,
Am
but know that you're a part of me.

G **Am** **D**
I've been crazy, I've been gone
C **Am**
and now it's all coming back to me.
G **Am** **D**
Was I being just a kid?
Em **Am**
and didn't know what was good for me?

G
Cause, Everytime you love,
D
Everytime you try,
Am **C**
You think another memory.
G **D**
I don't know where it goes or what we're going to do
Am
but know that you're a part of me.

(If anyone has any help for this little bit would be appreciated)
How long can we go throwing away everything we are
to everyone, to everyone?

G **Am** **D**
Will you walk with me? and talk with me?

C **Am**
Back where we used to be?

G **Am** **D**
So much older now and smarter,

C **Am**
but the damage has been done.

G
Everytime you love,

D
Everytime you try,

Am **C**
You think another memory.

G **D**
I don t know where it goes or what we re going to do,

Am
but know that you re a part of me.
