Famous Last Words - Stone

**B** pm

It all started Last June

**B** pm

Early on, I caught your name

**B** pm

Nothing really happened too soon

**B** pm **E**

Now its all so lame

**B** pm

And it was so great to hear you

**B** pm

But you said stuff I didn t want you to say

**B** pm

You spent your nights crying

**B** pm **E**

And I spent mine trying

**G# F# E**

To avoid a scene

**G# F# E**

But you never understand what I mean

**B** pm

You told me you hoped

**B** pm

For things to get better

**B** pm

You lost me when you said

**B** pm **E**

I love you and I ll wait

**G# F# E**

I think I d rather be dead

**G# F# E**

Than have you on my plate x2

**B G# F#**

Just leave me alone (I can t stand to hear your cries)

**B G# F#**

Just leave me alone (You re a stone)

**B G# F#**

Just leave me alone (I am sick of your prolonged goodbyes)

**G# F# E**

Just say it and hang up

**G# F# E**

Just hang up

**B A** Abmin

I m sorry thing went down

Abmin

The way that they did

**B A** Abmin

And I know how this sounds

Abmin

But I am still a good kid

**B** pm

Sow now we stand

**B** pm

Worlds wide and worlds apart

**B** pm

So this is my final farewell

**B** pm **E**

Get used to all the quiet

**G# F# E**

There will be plenty of it

**G# F# E**

You put up your stuttered riot

**B G# F#**

Just leave me alone (I can t stand to hear your cries)

**B G# F#**

Just leave me alone (You re a stone)

**B G# F#**

Just leave me alone (I am sick of your prolonged goodbyes)

**G# F# E**

Just say it and hang up

**G# F# E**

Just hang up

**B G# F#**

Just leave me alone (I can t stand to hear your cries)

**B G# F#**

Just leave me alone (You re a stone)

**B G# F#**

Just leave me alone (I am sick of your prolonged goodbyes)

**G# F# E**

Just say it and hang up

**G# F# E**

Just hang up
