Intro:

**Gb Bb Ebm Db B Bm**

Verse:

**Gb**

Remember when time walked free

**Bb**

**Ebm**

And we believed in these three things:

Love, hate, and the promised land,

**Bb**

That lies behind the sun

But now our heads hang low,

**Bb**

**Ebm**

Looking for pennies in the snow

Blowing kisses to the dead,

**Bb**

While we lie burning in our beds

**Ebm**

**Db**

**B**

Sing it low, please forgive me do you hear me x3

**Ebm**

**Db B Bm**

sing it low, please

Verse:

**Gb**

Now we walk a thin line,

**Bb**

**Ebm**

And act like it s all fine

**B**

Throwing caution to the wind,

**Bb**

Whichever way the bottle spins

**Gb**

Ohh let s take it slow,

**Bb**

**Ebm**

Leaving only footprints in the snow

**B**

And if you don t leave here,

**Bb**

You can take it, oh you can leave it

**Ebm**

**Db**

**B**

Sing it low, please forgive me do you hear me x3
