

**Better Than It Was
Fastball**

Tabbed by: Padster

Email: *

Tuning: Standard

This is my first attempt at a proper TAB...here goes.

Notice that the chords are amazingly similar to those in Warm Fuzzy Feeling

Suggested voicings:

```
  A  B  D  E5*  F  F#m
e-0--2--2--x--1--2-|
B-2--4--3--x--1--2-|
G-2--4--2--x--2--2-|
D-2--4--4--2--3--4-|
A-0--2--5--2--3--4-|
E-0--2--2--0--1--2-|
```

*For E5, it s basically just hitting the E string with down strokes, but you can add more

[INTRO]

>>in the intro and chorus chords, there s a small theme that goes like this:

```
e-----|
B---2---2---3-2-0-2-0-----|
G-----2-----|
D-----|
A-----|
E-----|
```

>>this might be played on a different guitar, but if you re playing solo,
>> try to play this with the chords in the chorus. Not too hard with the A
chord, but
in F#m

[VERSE 1]

```
  A
Once I had it all planned out
      B
My dirty fingers moved about
      D              E              A              E5
To make a mess of everything around me
  A
I don t claim to know my way
      B
I still run in circles every day
  D              E
Running around half blind
  F              E
```
