

**Fire Escape**  
**Fastball**

If you want to you can mix Dsus2 with the Ds in the verse and it will sound pretty good . But it sounds sweet like this too.

Verse

**G**

**D**

I dont want to walk around in thier shoes

**D**

cause I dont know whos side i m on i dont know my right from wrong

**G**

**D**

I dont know where i m going to

**G**

**C**

**D**

I dont know about you

Chorus

**A**

**G**

**D**

I ll be the rain falling from your fire escape

**G**

**D**

and I may not be the man you want me to

**G**

**C**

**D**

I can be my self how bout you

Verse 2

I dont want to make you mad  
I dont want to meet your dad  
i dont wanna make your dream come true

Cause I dont know what i ve just found  
I dont know my sky from ground  
i dont know where I m going to I dont know about you

And thats it , the verses are the same , pregression is pretty easy  
and the song kicks ass . Well enjoy and I ll be getting up some more  
of Fastball s work.
