G C
who said that money was everything,

G
well thats a crock, you know what i m sayin,

C G
when the well runs dry, say goodbye to your fair weather friends,

C G
if i need a hug, and feel like crawlin under a rug,

C G
if i fell on my face i know that you d be there to help me up,

Am C G
cause its you , only you that makes me strong,

Am C G
cause there ain t nobody gonna make me live my life alone,

D C G
a friend won t leave me layin in the road,

D C G
while the others they just pelt me with thier sticks n stones,

Am C G
won t steal my money, won t rob my home or take my honey,

D C G
a friend will always be there when i grow old,

G C
lovers they come and go,

G
like ships to a dock, a bunch of heartbreakers they are,

C G
they blind you with innocence, tie your heart in knots,

C G
if i need some hope, and feel i m at the end of my rope,

C G
you make that funny face, you re always there to cheer me up,

Am C G
cause its you, only you that will take me along,

Am C G
there ain t nobody i d rather have to help me sing a song,
