

**Concede Repent Destroy  
Fearless Vampire Killers**

[Intro]

[Kier Kemp:]

Just one taste a night, is never enough to appease me  
Cause I m losing the fight  
Oh honey, you know it ain t easy, to hide all my scars  
You know I don t want to scare you, cause I m falling apart  
And I couldn t stop it if I wanted to

[Verse 1]

The moonlight excites me, as the dancing masses begin to twirl  
No, my heart isn t free!  
But it beats in time with the underworld!  
I ve made up my mind, I m not gonna wait til they cast the stone!  
I ve left my old life behind, so that the broken hearts don t have to feel alone  
So I ll drain my body of everything..  
If it pleases you, like I want it to, woah-oh-oh!

[Pre-Chorus]

So take a breath, turn out the lights..  
We ll rise again, and sing, for all the-

[Chorus]

Wasted shadows of the light!  
This city s calling out tonight!  
It calls, for sacrifice!

Well, I ve paid my price!
