

**Crash
Feeder**

Band: Feeder
Song: Crash
Album: Polythene

I didn't bother too much with the timings as it's pretty simple. The bridge I just put the chords as it's easier.
Enjoy!

Intro & Chorus:

```
|-----|  
|-1--1---|  
|-0--0--7-|  
|-2--0--7-|  
|-3--2--5-|  
|-----|
```

Main Riff & Verse:

```
|-----|  
|-----|  
|-----5-5-----7-7-|  
|-5-5-5-5-3-3-7-7-|  
|-5-5-3-3-3-3-5-5-|  
|-3-3-----1-1-----|
```

Bridge:

B - C - B - A - C

I put my best foot first & it got burned,
Communication always hurts,
I got myself so deep inside a hole,
I taste the air so thin as I get old.
(I don't think so)

[CHORUS]
She's my hands, She's my hands.
Picks me up when I crash down,
Build me wings so I can glide,
She's my novacaine ride.
(NOVACAINE!)

Pick up the pieces of my world,

Glue them together, i wish i could,
I can t believe it as the picture fades,
Just like a TV but the sound remains
(I don t think so) no (i don t think so)

[CHORUS]

[BRIDGE]

Feel it as i shake,
Shatter illusions fade,
Taste my bitter tears,
Cut my heart with shears.

I don t think so, i don t think so.

[CHORUS]

She s my hands, she s my hands,
Picks me up when i crash down.
