**D**(xx0323)  
**G**(320033)  
**C**(x32010)  
**A**(x02220)

Intro: G Em x2 (listen for strumming)

Verse:

**G** **Em**  
Turning colours just to get where we should be  
**G** **Em**  
Back to where we once belonged  
**G** **Em**  
Sending smiles across to fill our lonely lives  
**G** **Em**  
It s brought it all back home to me

To me

Repeat Intro

Chorus:

**C**  
Cause there s something telling me  
**G**  
There s someone calling me back  
**Em**  
Sometimes, telling me that  
**C**

Everything s alright

Repeat Intro

Verse2:

**G** **Em**  
Read the papers as the sun began to rise  
**G** **Em**  
I m broken by the news  
**G** **Em**  
Cause there s no logic in our negativity  
**G** **Em**  
There s a way if we believe

Chorus 2: (an electric gtr plays relative power chords)

**C**  
Cause there s something telling me  
**G**  
There s someone calling me back  
**Em**  
Sometimes, telling me that  
**C**  
Everything s alright  
**C**  
Something s telling me  
**G**  
There s someone calling me back  
**Em**  
Sometimes, telling me that  
**C**  
Everything s alright

Bridge:

**Em D G C**  
Heads held high now  
**C G**  
We will be waiting  
**C G**  
Patiently waiting  
**Em D G C**  
Our heads held high now  
**A C**  
Today we won t forget  
**Em D G C**  
Our heads held high now  
**C G**

We will be waiting

**C**            **G**

Patiently waiting

**Em**   **D**   **G**   **C**

Our heads held high now

Repeat Intro x2

Last Chorus: (an electric gtr plays relative power chords)

**C**

Cause there s something telling me

**G**

There s someone calling me back

**Em**

Sometimes, telling me that

**C**

Everything s alright

**C**

Something s telling me

**G**

There s someone calling me back

**Em**

Sometimes, telling me that

**C**

Everything s alright

End on G
