Fefe Dobson

C

Am

It s been 37 days since you turned and walked away.

C

Baby, you were foolish. You were wrong.

You should have made it better.

C

Am

You broke the promise you made cause you were jealous and afraid.

C

Baby, I was rising, you let me down. We should ve stood together.

(CHORUS)

C

Now I can t breathe (if I m not breathing with you)

Am

I can t sleep (if all I m dreaming is you)

F

Can t you see? (I ve got no air without you)

Fm

C

I can t breathe, I can t breathe

(So I, So I, So I) So I cracked and called you today
and the tears froze on my face.

Cause you said we were over, you were so cold.

We should ve been forever.

(CHORUS)

Now I can t breathe (if I m not breathing with you)

I can t sleep (if all I m dreaming is you)

Can t you see? (I ve got no air without you)

I can t breathe, I can t breathe

C

G

We could have everything, but all we got is heartache and pain.

C

I can t catch my breath. It s getting harder to speak.

Em

You should be proud of me, but you re too insecure and too vain.

We should ve been forever. I wanted you forever.

(CHORUS)

Now I can t breathe (if I m not breathing with you)

I can t sleep (if all I m dreaming is you)

Can t you see? (I ve got no air without you)

I can t breathe, I can t breathe

Why couldn t you just be a man?
Why couldn t you just understand?
All I want to do is hold your hand.
Why couldn t we walk hand-in-hand?
Why couldn t you just be a man?
Why couldn t you just understand?
All I want to do is hold your hand.
