C
Cause beyond the walls the cold is near
F **A**
The Skies that stretch across the atmosphere
C **D7**
Oh A revolution is near

[Chorus]
G **C**
On and on and on and on
Em **C** **D7** 2x
on and on and on, on and on and on

G **Gmaj7** **C** **C**
In my room i hear the echos of a recent battle
G **Gmaj7** **C**
Lost and wounded as the faded cries begin to settle
C
For the night
C
But the words you use to hurt me now
F **A**
Only seem to make me strong somehow
C **D7**
Ohoh A revolution is now

G **C**
On and on and on and on
Em **C** **D7** 4x
on and on and on, on and on and on
G **A7**
And the days will get warmer
C
and i ll lay down my armor
G **D**
Yeah Together we can fight this feeling
G **A7**
And the demons that stalk us
C
Will eventually turn to dust

G

D

Yeah together we can start this healing

Oh Oh yay ye yay ye yay ye yay ye ya
