

Angel Fire

Fernando Ortega

Title: Angel Fire

Artist: Fernando Ortega

Album: This Bright Hour

**F#m** **D/Dsus2 A**

I never knew the dusk could seem so sad,

**A Dsus2 C#m D**

an empty aching in my soul.

**F#m E D/Dsus2 A**

In this bright hour I speak your name in the wind,

**E Dsus2 F#m**

the shining world outlasts us all.

**F#m D/Dsus2 A**

Even the mountains seem to know you re gone,

**A Dsus2 C#m D**

the foothills shimmer where they stand.

**F#m E D/Dsus2 A**

The sky is still and much too beautiful,

**E Dsus2 F#m**

and I am missing you again.

**E Dsus2 A**

Lift me over the San Gabriels,

**F#m Bm7 E**

leaning into the southern sky.

**Bm/F#m D Dsus2**

The foothills burning in the afterglow,

**E Dsus2 A**

an angel fire passing by.

**F#m D/Dsus2 A**

I think of songs I might have sung to you,

**A Dsus2 C#m D**

the love I wanted you to hear.

**F#m E D/Dsus2 A**

Everytime the blazing sun goes down,

**E Dsus2 F#m**

another promise disappears.

**F#m D/Dsus2 A**

I never knew the dusk could break my heart,

A           Dsus2   C#m       D  
so much longing folding in,  
F#m       E                   D/Dsus2   A  
I d give years away to have you here,  
E           Dsus2               F#m  
you know I can t lose you again.

E                   Dsus2   A  
Lift me over the San Gabriels,  
F#m       Bm7       E  
leaning into the southern sky.  
Bm/F#m               D       Dsus2  
A flight of angels must be in the wind,  
E           Dsus2               F#m  
I know they ll pass this way tonight.

E                   Dsus2   A  
Help me remember the San Gabriels,  
F#m       Bm7       E  
the foothills burning in the light.  
Bm   F#m               D       Dsus2  
Let my heart rise up to where you are,  
E           Dsus2       A  
I long to be with you tonight.  
E           Dsus2       A  
I long to be with you tonight,  
E           Dsus2       F#m  
I long to be with you tonight
