VERSE:

G **D**
Tell me, is there something wrong?
F **C**
I don t know what it is but I m hurting deep inside.
G **D**
Don t say that, don t put that between us,
F **C**
any doubts you have we can talk about it.
Em **A7** **Em**
Look in my eyes, don t keep telling you little lies.
A7 **Em** **A7** **C** **D**
Will you open your heart and see you will always feel safe beside me.
G **D**
Lier, yes I know you well,
F **C**
it s so clear to me now that your heart is changing.
G **D**
Say it louder and clear, stay and face your fears.
F **C**
Is something eating you up because you really look upset.
Em **A7** **Em**
Here in my heart where we never will be apart
A7 **Em** **A7** **C** **D**
I knew it right from the start I will always be close beside you.

CHORUS:

G **D** **F**
Baby you re my bitter sugar, you are my sweet kiss
C **D**
but you don t have wings my little devil, I kiss you and...
G **D** **F**
Baby you re my bitter sugar, your words bring me sorrow
C **D** **G**
so don t pretend we can be friends. You re my bitter sugar.

VERSE:

I wish I were somewhere else,
somewhere far away cause it s so hard to move on.
If you ve found the true love, found it in somebody s eyes,
don t you look for me now cause I m a survivor.
So tell me the truth, I don t really care if you hurt,
you re the one who left and soaked my life,
you will always be the sound of my music.

Repeat CHORUS.

VERSE:

Here in my heart where we never will be apart,
I knew it right from the start
I will always be close beside you.

Repeat CHORUS twice.
