

Up Against The Wall
Fiction Family

Hey all, this is my second posting. I wasn't positive about the last part of the song, but I feel the rest of it is good. This is a fairly easy song. I used a slightly different chord voicing in the G where there is an extra 5th instead of a 3rd (you play the G on the 1st string with your pinky finger and a D on the 2nd string with your ring finger).

Intro: **G-Cadd9-G-Cadd9**

G **Cadd9**

G **Cadd9**
