Well i dont know how many of you guys have heard of these lads but they are defo a up and comin band. Keep a eye out for them in the press n feel free to rate this tab :)
sorry it isnt full but this is all that gets played on there realised stuff so far,
there EP is out 28th Feb 2005 so keep a eye out for it !

In this part of the song, Al plays the chords and Charlie plays the riff over the top.
tabbed both parts separately.

Main riff (Charlie s Part)

```
E 30010---30010----|.
B --0--131--0--131-|.
G -----|
D -----|
A -----|
E -----|
```

When playing this, you can use your guitar s sustain so you don t have to strum every
Which enables you to play it at the right speed.

Then it changes to

```
E 3-1-0---3-1-0---|
B -0-0-01--0-0-01-|
G -----|
D -----|
A -----|
E -----|
```

Then it repeats, but finishes slightly differently.. Figure that out for yourself.

Chords (Al s Part)

```
E -1111111100000000
B -1111111111111111
```

G -2222222222222222
D -3333333322222222
A -3333333300000000
E -1111111100000000

This repeats until the verse starts. At which point it s just chords and random slidey

from Charlie, which I can t be bothered to tab. So here are those chords:

E -0000000000000000
B -1111111111111111
G -2222222200000000
D -2222222222222222
A -0000000033333333
E -0000000000000000

It s actually just those chords repeated throughout the entire verse.
