

**Follow Me Into The Darkness**  
**Fightstar**

Chord positions aren't perfect to the lyrics, they're just roughly in the right place.

Tune down to D standard (1 tone down)

**G** **Em7**  
I woke on the floor next to an empty bed  
**G** **Em7**  
Summer will come all in an afternoon  
**G** **Em7**

**G** **Em7**  
Come for the weekend and we'll sail away

**Emadd9** **C**  
You, you are never alone [x2]

(this verse is the same as the first)

In my dreams, there were monsters

Follow me down, into a dark place  
We'll come back and see me when I fall asleep

You, you are never alone [x2]

**A** **Bmadd11**

Only get to live once
