

**Mercury Summer**  
**Fightstar**

**Am**

I hope we make it through

**C**

I hope the sea is just as blue as our dream

**G**

We ve got a long way to climb

**F**

Until we see what we left behind.

**Am**

We wake to the sound of drums

**C**

And we are the soldiers of our own events

**G**

We are the keys to the kingdom

**F**

And we will never wear clothes again

**Am**

You get up

Move around

Every time you hear a sound

**C**

What do you expect to see

**G**

Every time you look at me?

**Em**

**F**

I know this is gonna be alright.

**F**

Mercury summer

**C**

In the afternoon

**G**

I hope you come back soon

**F**

Mercury summer

**C**

You just take your time

**G**

I hope to see you.

**Am**

So how can you fall asleep

**C**

So close to the fire that is keeping us warm?

**G**

Sleeping out in the rough

**F**

Just let me know when you've had enough.

**Am**

You get up

Move around

Every time you hear a sound

**C**

What do you expect to see

**G**

Every time you look at me?

**Em**

**F**

I know this is gonna be alright.

**F**

Mercury summer

**C**

In the afternoon

**G**

I hope you come back soon

**F**

Mercury summer

**C**

You just take your time

**G**

I hope to see you. (Play the chorus twice)

Ooh ooh

Ooh ooh oohh

**Am**

Ooh ooh

**C**

Ooh ooh oohh

**G**

Ooh ooh

**F**

Ooh ooh oohh

**F**

Mercury summer

**C**

In the afternoon

**G**

I hope you come back soon

**F**

Mercury summer

**C**

You just take your time

**G**

I hope to see you.
