

Memory

Finch

memory-finch

hope you like it!!!

C **C**-open **F** **C**
This may never start. We could fall apart. And I'd be your memory.

C **C**-open **F** **C**
Lost your sense of fear. Feelings insincere. Can I be your memory?

CHORUS

C **F**
So get back, back, back to where we last stand.

Am **G**
Just like I imagine. I could never feel this way.

C **F**
So get back, back, back to the disaster.

Am **G**
My heart's beating faster. Holding on to feel the same.
