

**I Had A Dream**  
**Findlay Brown**

**C E**  
I had a dream  
**Am F**  
The night played softly around you  
**C**  
And we remember  
**G**  
There was a place that  
**C G**  
Nobody goes

**C E7**  
I had a dream  
**Am F**  
We danced the rivers forever  
**C**  
And you were singing  
**G**  
Where we were lying  
**C G7**  
Out in the snow

**F C**  
The whole world needs to know  
**F C**  
The way that east wind blows  
**F Am**  
It rises on the sea  
**Dm G**  
And finds its way to me

**C E**  
Cause I had a dream  
**Am F**  
The time passed slowly between us  
**C**  
With every moment  
**G**  
The night surrendered  
**C G**  
Another day

**C E7**  
I had a dream  
**Am F**  
We blessed the sunlight together  
**C**

And all the people

**G**

Made their silver

**C**

**G7**

With hearts of gold

**F**

**C**

The whole world needs to know

**F**

**C**

The way that east wind blows

**F**

**Am**

It rises on the sea

**Dm**

**G**

And finds its way to me
