

**I Had A Dream**  
**Findlay Brown**

**C# F**  
I had a dream  
**Bbm F#**  
The night played softly around you  
**C#**  
And we remember  
**G#**  
There was a place that  
**C# G#**  
Nobody goes

**C# F7**  
I had a dream  
**Bbm F#**  
We danced the rivers forever  
**C#**  
And you were singing  
**G#**  
Where we were lying  
**C# G#7**  
Out in the snow

**F# C#**  
The whole world needs to know  
**F# C#**  
The way that east wind blows  
**F# Bbm**  
It rises on the sea  
**Ebm G#**  
And finds its way to me

**C# F**  
Cause I had a dream  
**Bbm F#**  
The time passed slowly between us  
**C#**  
With every moment  
**G#**  
The night surrendered  
**C# G#**  
Another day

**C# F7**  
I had a dream  
**Bbm F#**  
We blessed the sunlight together  
**C#**

And all the people

**G#**

Made their silver

**C#**

**G#7**

With hearts of gold

**F#**

**C#**

The whole world needs to know

**F#**

**C#**

The way that east wind blows

**F#**

**Bbm**

It rises on the sea

**Ebm**

**G#**

And finds its way to me
