

I Had A Dream
Findlay Brown

D F#
I had a dream
Bm G
The night played softly around you
D
And we remember
A
There was a place that
D A
Nobody goes

D F#7
I had a dream
Bm G
We danced the rivers forever
D
And you were singing
A
Where we were lying
D A7
Out in the snow

G D
The whole world needs to know
G D
The way that east wind blows
G Bm
It rises on the sea
Em A
And finds its way to me

D F#
Cause I had a dream
Bm G
The time passed slowly between us
D
With every moment
A
The night surrendered
D A
Another day

D F#7
I had a dream
Bm G
We blessed the sunlight together
D

And all the people

A

Made their silver

D A7

With hearts of gold

G

The whole world needs to know

It rises on the sea
