INTRO

Em (Once) **E Em** **E A** **G** **E Em** **E** **G**

VERSE I

Em **G**
I hold on so nervously

F#
To me and my drink

G
I wish it was cooling me

Em **G**
But so far, has not been good

F#
Itâ€™s been shitty

G
And I feel awkward, as I should

Em **G**
This club has got to be

F#
The most pretentious thing

G
Since I thought you and me

Em
Well I am imagining

A **F#**
A dark lit place

D **Em**
Or your place or my place

CHORUS

Em **E**
Well Iâ€™m not paralyzed

A
But, I seem to be struck by you

A **G**
I want to make you move

G **E**
Because youâ€™re standing still

Em
If your body matches

A
What your eyes can do

A **G**
Youâ€™ll probably move right through

G **B**
Me on my way to you
