G Gm F Fm E Esus Em

Gm	F	Esus
Forgive me if now I wear the face of worry		
Esus	Em	Gm
This time alone could never cause any doubt		
F	Esus	
But I ve been cold too long		
Em		Gm
Such a strange time to find myself coming down as the rain		
F	Esus	
With all these holes my love,		
Em	Gm	
To fill up from the middle		
F	Esus	...Em
This storm could stay all night		
	Fm	G
So can you stay until we close our eyes		
Fm	G	
Til your dreams hold mine		
Fm	G	Fm E
Just stay until we know we tried one more time		

(Play Riff A)

Gm	F	Esus	...Em
Cause laughing lovers can overcome their closest demons			
Gm	F	Esus	Em
And they ll go on and they won t let go...oh no			
	Gm		
They saw something that they know			
F	Esus	...Em	
Has never come so close			
Gm	F	Esus	Em
Can it stay here...stay here for us, for now?			
*(Stop playing Riff A here, Play Riff B)			
F	G		

Can it stay until we know ourselves?

F G

I'm torn as I tell

F G

You're the story that I know and fell from

*(Stop Playing Riff B here, Play Riff C)

F G F...G

I'm so far into your story I don't know why

F G F G

We think we're in control

*(Stop playing all Riffs)

F G F

When we lie between the lines

E

We'll find a line to follow

It's got to show real soon

(Play Riff **A**)

Or we'll never reach this high

Gm

We climb a little further

F Esus Em

Cause there's nothing we can't get around together

Gm F Esus Em

Further gets colder until nothing was all that I saw around

(Stop Playing Riff A, Play Riff B)

F

So we stay until the ground

G F G

That we can't come down from splits us away

F G

Maybe stars know why we fall

F G

I just wish they were thinking out loud

*(Stop Playing Riff B, Play Riff C until end)

F G F...G

Oh, I

F G F...G

Oh, I could wish all night

F G F...G

Oh, I could wish all night

*Start playing outro

F G F...G

Oh, I could wish all night

F G F...G

Oh, I could wish all night

F G F...G

Oh, I could wish all night

F G F...G

Oh, I could wish all night

(For the outro a third guitar just plays feedback effects with a phaser)
