There s nothing for today
Em7
There s nothing for tonight
Cadd9
There s nothing more

There s nothing left to say
You left,you ran away
There s nothing else

There s nothing for tonight
We re not ready for this fight
But we could try again

G Cadd9
I m looking for a sign
Em7
I m looking for a line
Cadd9
It was all so soft
G Cadd9
When you were here and you were mine
Em7
And now i think i m out of time
Cadd9
It won t be safe and warm...

I lost you to fast
And when i did all became a mess
I got full of fear
It was all so confusing here

I found i was alone,went out screaming
I love you so and then
Oh then...i felt ashamed

It s like i lost my train
And i keep running to achieve it

cause i really hope you can come back...
