

I Don't Miss You At All
FINNEAS

[Intro] Dm Am G
C Dm Am

I swear I don't
Miss you at all
And I barely still remember
Who's in the pictures on my wall
Cause, no, I can't
Recall your scent
Jasmine tuberose and lily
Or your silly French accent
All but forgotten
About those eyes
The shade of green that if he'd seen
Would make F. Scott Fitzgerald cry

But I won't
Break down at 2AM and call
Cause I don't
Miss you at all

And I'm sleepin' fine
I don't mean to boast
But I only dream about you
Once or twice a night at most
And it feels so good

C C7M(9)/B Am

Eating alone

Dm Am G

I don't get distracted by your smile

C C9/D Am

And miss the green lights driving home

Dm Am G

No sign of stopping

C C7M(9)/B Am

The house isn't far

Dm Am G

But I think our song is coming on

E

And now I wanna crash the car

Dm Am G

But I won't

C C9/D Am

Make that mistake again and fall

Dm Am G

So I say I don't

C C9/D Am

Miss you at all

Dm Am G

And someday I won't

Miss you at all
