

**Korpens Saga**  
**Finntroll**

Okay this is my first ever to do this..I recently started playing guitar and can only do basic chords and this seems right to me..

**Am**                      **G**                      **Am**  
Jag sÅ¥g min hÅr av troll och vÅtte  
**Am**                      **G**                      **Am**  
Slappa spjut sÅ¥ lÅngt Ågat mÅtte

**Am**                      **G**                      **C**  
Tusende kroppar alla dÅda och svala

**C**                      **G**                      **Am**  
Min arme ur skogen nu lÅg i dvala.

you can play **Am G C** through the whole song, I have an acoustic guitar so it doesn't sound bad..hope this helps Enjoy ~HAILS~
