A Mistake
Fiona Apple

```
Em          A7              Em          A7
I m gonna make a mistake- I m gonna do it on purpose
C7       F7          Em
I m gonna waste my time
Em          A7                  Em        A7
 Cuz I m full as a tick, and I m scratching at the surface
C7       F7          Em
And what I find is mine
Gm           Eb     Gm
And when the day is done, and I look back
Eb                 Cm          F7
And the fact is I had fun, fumbling around
Gm       Eb          Gm
All the advice I shunned, and I ran
Eb                      Cm                  F7
Where they told me not to run, but I sure Had fun, so

Em          A7                  Em        A7
I m gonna f*** it up again, I m gonna do another detour
C7 F7       Em
Unpave my path
Em          A7              Em        A7
And if you wanna make sense, Whatcha looking at me for
C7       F7          Em
I m no good at math
Gm   Eb              Gm
And when I find my way back,
Eb                 Cm              F7
The fact is I just may stay, or I may not

Gm       Eb          Gm       Eb
I ve acquired quite a taste for a well-made
   Cm                      F7
