

Daredevil
Fiona Apple

C **E** **F** **C**
I guess I just must be a daredevil

Bb **Am** **G** **F** **E**
I don't feel anything until I smash it up

C **E**
I'm caught on the cold, caught on the hot

F **C**
Not so with the warmer lot

Bb **Am**
And all I want is a confidant

G **F** **E**
To help me laugh it off

Am
And don't let me ruin me

E
I may need a chaperone

C **E**
Say I'm an airplane

F **C**
And the gashes I got from my heartbreak

Bb **Am**
Make the slots and the flaps upon my wing

G **F** **E**
And I use them to give me lip

C
Hip hip for the lift

E **F**
Hip hip for the drag

C **Bb**
I want them all in my bag

Am **G** **F** **E**
Oh give me anything and I'll turn it into a gift

Am
But don't let me ruin me

E
I may need a chaperone

G
Seek me out

G **G** **G** **G** **Em**
Look at, look at, look at, look at me

Em
I'm all the fishes in the sea

G

Wake me up

G **G** **G** **G**
Give me, give me, give me what you got

G
In your mind, in the middle of the night

C **E** **F C**
Maybe you let me look out for you

Bb **Am**
Protect what I found in you

G **F** **E**
And never let it starve

C **E**
Then that way, you let me stay

F **C**
Skirt in my skirt like I want to

Bb **Am** **G** **F** **E**
And I will try hard to hold onto you with open arms

Am
But don't let me ruin me

E
I may need a chaperone
