[Intro]

Eb Bb Db Eb

F7/Eb

Come on out, come on out,

Bb

Where d you go, where d you go?

Db Eb

I don t mean to play here

F7/Eb

Figure out, figure out

Bb

What you know, what you know

Db Eb

Figure out how to say it clear

Gb Db/F Adim Ebm Gb F

Cause you re more likely to get cut with a dull tool,

Bb Eb

than a sharp one

Bbm

You, you stuck around,

Db

You stuck around,

Ebm G

You stuck around,

C

Until you got me

Am Ab G

Then, then you got me

[Chorus]

Bbm

You, You don t kiss when you kiss,

Db

You don t fuck when you fuck

Ebm G C Am Ab G

You don t say what you mean, you don t talk not enough

No possible, impossible patience

Impossible

You forgot the difference between equanimity and passivity
You forgot you have to try, you have to try, you have to try
You forgot that glorious feeling that you get when you get the truth
So tell that girl you don t love her
And if you do, tell her two times
Cause you re more likely to get cut with a dull tool, than a sharp one

Chorus (x3)
