**Fiona Apple**

Song: Dull Tool  
Artist: Fiona Apple  
Tabbed by: L.A Rai

[Intro]

**Eb Bb Db Eb**

**F7/Eb**

Come on out, come on out,

**Bb**

Where d you go, where d you go?

**Db Eb**

I don t mean to play here

**F7/Eb**

Figure out, figure out

**Bb**

What you know, what you know

**Db Eb**

Figure out how to say it clear

**Gb Db/F Adim Ebm Gb F**

Cause you re more likely to get cut with a dull tool,

**Bb Eb**

than a sharp one

**Ebm**

You, you stuck around,

**Db**

You stuck around,

**Ebm G**

You stuck around,

**C**

Until you got me

**Am Ab G**

Then, then you got me

[Chorus]

**Ebm**

You, You don t kiss when you kiss,

**Db**

You don t fuck when you fuck

**Ebm G C Am Ab G**

You don t say what you mean, you don t talk not enough

No possible, impossible patience

Impossible

You forgot the difference between equanimity and passivity  
You forgot you have to try, you have to try, you have to try  
You forgot that glorious feeling that you get when you get the truth  
So tell that girl you don t love her  
And if you do, tell her two times  
Cause you re more likely to get cut with a dull tool, than a sharp one

Chorus (x3)
