

Slow Like Honey

Fiona Apple

Cm7 Gm D#

Gm

yeah, some

D#

old fires

Gm

were

burning

you came near to me and you endeared

Cm

to

me

but you couldn't quite discern me

Gm

does

D#

that scare you? I'll let

Gm

you run away

but your heart will not oblige you

you'll remember me like a

Cm

melody

yeah,

Adim

I'll

Cm

haunt the

F

world inside

Gm

you

and my big secret

D#

- Gonna

D

win you over

Adim

slow like honey,

Adim

D

heavy with mood

Gm

iâ€™ll let you see me, Iâ€™ll

Cm7

covet

Gm

D#

your

regard

iâ€™ll invade your demeanor

and

D#

youâ€™ll

Gm

yield to me like a scent in

Cm

the

breeze

and

Adim

youâ€™ll

Cm

wonder what

Adim

F

it

Gm

is about

D#

me

itâ€™s my big secret

Adim

-

D

Keeping you

Adim

coming

slow like honey, heavy with mood

Gm

though dreams

Cm7

can

Gm

be

deceiving

D#

like

Gm

faces are to hearts

they serve for

A#m7

sweet

relieving

G#

when

E

fantasy and reality lie

G#m

too far apart

E

so I stretch

G#dim

myself

E

across, like a bridge

and

F#

I pull you to the edge

E7

and stand there waiting

D#

trying to

Gm

attain

the end

Gm

D#

to satisfy the

D#

story

Gm

shall I release you?

must I release

Cm

you?

as I

Adim

rise

Cm

to meet my

Gm

glory

D#

but my big

Gm

secret

D#

gonna hover over

D

your

life

Adim

gonna keep you reaching

when Iâ€™m gone like yesterday

when Iâ€™m high like heaven

when Iâ€™m strong

D

like

Adim

music

â€•cause Iâ€™m

D

slow like

Gm

honey,

and

heavy with mood
