Song uses power chords

```
D#                             C#
I wish that I could break all the mirrors in my mind

A#                         B
The ones that lie to me and steal away my pride

D#                       C#
I wish I could be blind to everything that haunts me

A#                         B
If I use my heart, I can see your face

     C#          D#
You show me the real me
```

Chorus
```
      D#
It s You that I search for

    F#          C#
It is You I can t live without

    B             C#
Your hope is what I long for

      D#              F#
When nothing s left in me

      B      C#
It s You
```
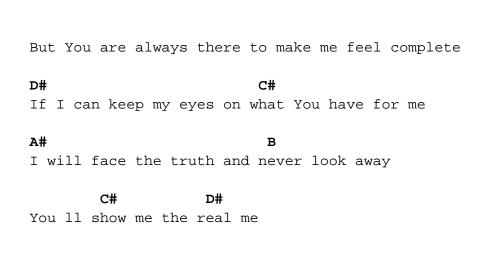

Verse 2

```
D#                              C#
This world is always trying to take a piece of me

A#                            B
```

But You are always there to make me feel complete

D#   **C#**
If I can keep my eyes on what You have for me

A#   **B**
I will face the truth and never look away

        C#   **D#**
You ll show me the real me

Chorus

      D#
It s You that I search for

      F#   **C#**
It is You I can t live without

      B   **C#**
Your hope is what I long for

      D#   **F#**
When nothing s left in me

      B   **C#**
It s You

Bridge
  B   **C#**   **D#**   **F#**
When I have nowhere else to go

              C#
And I can t find my way out
(Can t find my way)

 B   **C#**   **D#**
Your light it comes to guide me

(You will guide me)

A#
I can t hide
      B   **C#**
You show me the real

Chorus (2x)

```
       D#
It s You that I search for

       F#              C#
It is You I can t live without

       B               C#
Your hope is what I long for

       D#                F#
When nothing s left in me

       B       C#      D#
It s You
```
