Intro: **Em** C D (1x)
Em C D **Em** (1x)

Em
I got home late on a Saturday night
C D
And I knew right away something wasn't right
Em
I knew she was gone
She took all I had, but left a hole in my heart
C D
Should've known it'd go bad right from the start
Em
What did I do wrong
C D **Em**
I can't understand why she would leave me this way

With nothing to say
C D
Then I found the note on the door
C D
It said good-bye and she don't want me no more

Em C D
Bye-bye baby, bye-bye she said in the letter
Em
And that was all she wrote
C D
Guess this is good-bye, guess this is forever
Em
And that was all she wrote

Em
I called on the phone but she wasn't there
C D
Should've known all along that she just didn't care
Em
Why did she have to go
Now I look at her picture and I wonder why
C D
She left me this way - why did she say good-bye
Em
I guess I'll never know
