Let s just get back to the way it was before

A **Bm7** **D** **E**
Baby, don t treat me bad
A **Bm7** **D** **A** **D**
(Well) you can do anything, but baby, don t treat me bad
Oh, don t treat me bad

(it s played the same as the firs one)

I gave it everything, but you threw it all away
I can t take anymore of these games that you play
I ve been through heartache and I ve been through pain
And it s hard to believe you still treat me this way

But I won t cry no more cause the tears are all in vain
We can pick up the pieces and start it all again
Let s just get back to the way it was before
Oh, girl I can t take anymore

Chorus

Oh girl, I can t take anymore, oh yeah, now listen to me

Chorus
