

Shades Of Blue
Fireside Nation

[INTRO]

A D

[Verse 1]

A D

Well I d love to see
The day you d believe in me
Well I d love to see
The day you d release me

I ve fallen into love all by myself now
With you - And your shades of blue

[Pre Chorus]

E D

And I m fed up
Three times a day with you
But I d get up
Every day with you

[Chorus]

A E B D

Reasons why? It s all down below
With you - Even endless days won t get old
As I stand on by the Ocean
Is she staring at it too?
Wishing into Shades of Blue

[INTRO strumming]

[Verse 2]

A D

Well I d love to see
The day you d give in to me
If I d live to see
The day you d release me

I fell in love with you a long, long time ago
Still you - And those shades of blue

[Pre Chorus]

E D

I m still fed up
Three times a day with you
But I d still get up
Every day with you

[Chorus]

A E B D

Reasons why? It s all down below

With you - Even endless days won t get old

As we stand on by the Ocean

Still starring at it true

Wishing into Shades of Blue
