

As I Call You Down
Fistful of Mercy

Dm

Dm

You love like I love
You love like I do
You wish what I wish

C

You know what I knew
I wish I knew you

Dm

You see what I see
I see what we do
You fall when I fall

C

As we both follow through
As we both follow you

G7

Dm

When I fall inside a hole

Dm

That I can't crawl out

G7

Better give up my control

F

As I call you down

Dm / Dm / G7 / F

As I call you down

Dm

You give like I give
You know how I ache
We all became so poor

C

There's nothing left to take
I break when you break

Dm

You fall like I fall
As far as I fall
You call how I call

C

We're indivisible
Inside invisible

Dm

When I fall inside a hole

Dm

That I can't crawl out

G7

Better give up my control

F

As I call you down

Dm / Dm / G7 / F

As I call you down
