

Coming Down

Five Finger Death Punch

Itâ€™s

C#

caving in around me

What I thought was solid ground

C#m

Iâ€™ve tried to

C#

look the other way, but I couldnâ€™t turn around Itâ€™s okay

B C#

for you to hate me,

C#m C#

for all the things Iâ€™ve done

B

Iâ€™ve made

A

a few mistakes,

B

but Iâ€™m not the only one

Step away from the ledge, Iâ€™m

G#m E

coming down

I could never be, what you want me to

You pull

C#

me under, to save yourself

You will never see, whatâ€™s inside of me

Iâ€™ll pull

E

you under just

C#

to save myself

C#m

Was there ever any question, on

B

how much

A

I could

B

take

You kept feeding me your bullshit, hoping I would break

E

Is there anybody

G#m

out there, is there

E

anyone who cares Is there anybody listening, will they hear my final prayers

B

Step

E

away from the ledge, Iâ€™m coming down

I could

B

never be,

C#m

what you want

F#m7

me

to

You pull me under, to

F#m

save

E

yourself

You will

F#

never see, whatâ€™s inside of me

Iâ€™ll pull you under just to save myself

Itâ€™s getting in around me, itâ€™s tearing me apart

Itâ€™s all coming

C#m

down around me

Does anyone, anyone, care at all

I will

F#m

never be,

G#m

what you want me to

You pull me under, I pull you under

I could never be,

B

what you

G#m

want me

C#m

to

You

E

pull me under, to save yourself

You will never see, whatâ€™s inside

A

of

me

Iâ€™ll

E

pull you under

B

just to save myself
