Verse 1

D **G**
For all the deepest thoughts compiled,
Em
philosophy to laws of physics,
Asus
no one s ever heard or seen,
A **E**
a more beautiful thing,
E
than this love that saved us.

Chorus:

D **G**
In the soundless awe and wonder,
Em **Asus** **A**
words fall short to hope again.
D
How beautiful,
G
how vast your love is,
Em
new forever,
Asus **A**
world without an end.
