G#

G#

It's half past midnight, going on tomorrow

C# **G#**

Baby can you stay a while

G#

There's lots more moonlight, coming through my window

C# **Eb** **G#**

And you're no longer just a child

G#

When midnight comes you're just like Cinderella

C# **G#**

Though the night has just begun

G#

I looked at my watch but I didn't want to tell ya

C# **Eb** **G#**

I knew that you'd wanna run

(Cinderella run)

F#

Same thing, every time the clock on the wall chimes,

G#

you say

F#

It's late even though the night is young, must go,

Eb

Can't stay

repeat

G# **F#**

Cinderella run
