

**When I Remember When
Five**

G **Em**
All the things I said, I should have said and didn't say
C **D**
And I wonder why, yes I wonder why
G **Em**
I think about the time we spent, the places that we went
C **D**
Still makes me cry, yes, it makes me cry

Am **C**
Why do they say that time will heal this broken heart?
G
They would know it isn't true
Em **D**
If they lost someone like you, oh

[Chorus:]

Am
Some things can never be replaced
C
Some things are with me for always
G **Em**
These are the things I will remember
D
When I remember when
Am
I'd rather love and lose it all
C
Than never have you to recall
G **Em**
These are the things I will remember
Am
Again and then again (again and again)
D
When I remember when

G **Em**
You taught me how to love, I am all I am
C **D**
Because of you, just because of you
G **Em**
Everytime I lost my way, you'd shine a light, you made my day

C **D**
You see me through, yes, you see me through

Am **C**
So who s gonna come around to heal this broken heart?

G
Show me how to laugh and cry

Em **D**
But never how to say goodbye

[Chorus]

G
This life goes on, you carry on

Em
You do, and it s okay

D
(When I remember when)

G
This love goes on, and I will live

Em
To love another day

D
(Again and then again)

G
This life goes on, you carry on

Em
You do, and it s okay

G
I would laugh, and I would cry

Em **D**
But I will never say goodbye

[Chorus]
