[Primeira Parte]

As we stood congregated at the firing line

As if in the sight of sea, you re suddenly free but it s all the same
A G D G
Oh, but I can hear you, loud in the center

As if it were designed, painted in sand to be washed away
A G D G
Oh, but I can hear you, loud in the center

And is all that I might owe you carved on ivory?

C F Em Dm
But all will fade, all I say, all I needed

As a flash in the eye, I wouldn't deny, all receded

Life unfolds in pools of gold

I am only owed this shape if I make a line to hold

Em F Dm
To be held within one's self is deathlike, oh I know
