

Emerald Eyes
Fleetwood Mac

F#m **Bm**
You don't know what she means you see
E **C#m**
She's a heart that beats close to me
F#m **Bm**
Getting back to the way I feel
E **C#m**
Her honest word is my only real thing
F#m **Bm**
When she comes to me then I feel fine
E **C#m**
Then I'm not afraid but so gratified
F#m **Bm**
Emerald eyes is a mystery
E **C#m**
She's a heart that beats close to me

F#m **B**
Find, emerald eyes in the night
B **F#m**
Gleaming shiny and bright
F#m **B**
As if covered with silver
F#m **B**
She's still a mystery to me
B **F#m**
The way she sails away slow
F#m **B**
Makes your day to day life easy

F#m **Bm**
Emerald eyes is a mystery
E **C#m**
She's my place of serenity
F#m **Bm**
Getting back to the way I feel
E **C#m**
Her honest word is my only real thing
F#m **Bm**
Only an honest word, maybe a sky report
E **C#m**
Could be a weather bird it was so close to me
F#m **Bm**
Emerald eyes is a mystery
E **C#m**
Staring through to the heart of me

F#m **B**
