Standard tuning

Capo 1

**Em** **C**  
Just one more word, I swear that s all I need  
**Am** **G**  
I ll concentrate as you dis-engage right in front of me  
**Em** **C**  
Are we growing older or getting younger  
**Am** **G**  
Or just falling asleep  
**Em** **C**  
This signal s breaking up and you re breaking down  
**Am** **G**  
Just can t seem to say  
**Am**  
Where did we go wrong?  
**C**  
Where did we go wrong?

{Chorus}  
**Em** **C**  
We are the static burning through your stereo  
**Em** **G**  
We are the ones who will follow you when you are alone (x2)

**Em** **C**  
And hold your breath  
**Am**  
I won t let you go  
**G** **Em**  
Not another word from behind those blistered lips  
**C** **Am**  
If this is bitterness then we re as good as dead  
**G**  
And you re as good as dead

{Chorus}

**Am** **C** **Em**  
So you say you need closure on this  
**G** **Am** **C**  
But when you re gone I must confess  
**Em**  
I m as good as dead

**Am**            **C**                    **G**  
So you say you need closure on this

**Em**  
But I m as good as dead

{Chorus}

**Em**  
**G**  
When you are alone

**Em**            **C**  
And hold your breath

**Am**  
I won t let you go

**G**  
But I m as good as dead

**Am**  
And I m as good as dead

**C**                    **Am**  
You said you need closure on this
