

Bret You Got It Going On
Flight of the Conchords

I have noticed a lot of INCORRECT tabs out there, so I m making this one.

Chords:

Dm7: x57565
C7: x35353
B7: x13131
A7: 575655
A: 577655
F: 133211
G: 355633
Gm: 355333

The song does change keys, so when it does, move the chorus chords up one fret and play them the same.

Verse:

Dm7 **C7**
Hey there Bret, I see you lookin down
 B7 **C7** **A7**
Dont wanna see my little buddy there with a frown
Dm7 **C7**
Just because i get more women than you
 B7 **C7** **A7**
Well that s only because they dont know you like I do
Dm7 **C7**
Sure you re weedy, and kinda shy
 B7 **C7** **A7**
But some girlie out there must be lookin for a weedy shy guy
Dm7 **C7**
They want you as their needle when theyre rollin in the hay
B7 **C7**
Just hear me out when I say

Chorus:

Dm7 **A** **F** **G**
Bret you got it goin on
Gm **Am**
Ladies will get to know your sexuality
 C7 **Dm7**
When they get to know your personality
Dm7 **A** **F** **G**
Bret you got it goin on
Gm **Am**
Not in a gay way, just wanna say mate

C7

Dm7

I wanted to say that you re lookin okay, mate

Repeat verse and chorus

after you do the chorus, re-play it one fret up, and after that, move another fret up.

Have fun!
