(additional lyrics)

Look at me

Look at me

Just called to say that it s good to be
alive

In such a small world

All curled up with a book to read

I can make money open up a thrift store

I can make a living off a magazine

I can design an engine sixty four

Miles to a gallon of gasoline

I can make new antibiotics

I can make computers survive aquatic conditions

I know how to run a business

And I can make you wanna buy a product

Movers shakers and producers

Me and my friends understand the future

I see the strings that control the systems

I can do anything with no assistance

I can lead a nation with a microphone

With a microphone

With a microphone

I can split the atoms of a molecule

Of a molecule

Of a molecule

Look at me
Look at me
Driving and I won't stop
And it feels so good to be
Alive and on top
My reach is global
My tower secure
My cause is noble
My power is pure
I can hand out a million vaccinations
Or let em all die in exasperation
Have em all healed of their lacerations
Have em all killed by assassination
I can make anybody go to prison
Just because I don't like em and
I can do anything with no permission
I have it all under my command
I can guide a missile by satellite
By satellite
By satellite
and I can hit a target through a telescope
Through a telescope
Through a telescope
and I can end the planet in a holocaust
In a holocaust
In a holocaust
In a holocaust
In a holocaust
In a holocaust

I can ride my bike with no handlebars
No handle bars
No handlebars

I can ride my bike with no handlebars
No handlebars
No handlebars
