[Verse 1]

**F**                    **C**  
Whistles the wind  
**F**                    **C**  
Blowin my way  
**F**                    **C**                    **G**  
Sweepin me back, back here to stay  
**F**                    **C**  
Can winners be losers?  
**F**                    **C**  
Runnin on the same track  
**F**                    **C**                    **G**  
While some head for glory, others we crash

[Chorus]

**C**                    **F**                    **C**  
Well it breaks my heart to see you this way  
          **F**                    **C**                    **G**  
The beauty in life where s it gone  
          **C**                    **F**                    **C**  
And somebody told me you were doin okay  
          **F**                    **C**                    **G**

**F**                    **C**  
My isolation  
**F**                    **C**  
Now there s a sobering thought  
**F**                    **C**                    **G**  
A minute alone, a lifetime too long  
**F**                    **C**  
See the face in this mirror  
**F**                    **C**  
So pale it could crack

<b>F</b>	<b>C</b>	<b>G</b>
Desperately wantin	the color	it lacks

[ Chorus ]

Well it breaks my heart to see you this way

The beauty in life where s it gone

And somebody told me you were doin' okay

But somehow I guess they were wrong

[Verse 3]

**F**  
So you drank with the lost souls  
**C**  
For too many years  
**F** **C**  
Tied to their ankles now crippled with fear  
**F** **Am**  
Never been righteous though seldom were wrong  
**G**  
Life s only life with you in this song

Am C F G (x2)
