

June

Florence And The Machine

[Intro] F

The show was ending and I had started to crack
Woke up in Chicago and the sky turned black
And you re so high, you re so high, you had to be an angel
And I m so high, I m so high, I can see an angel

[Refrão]

I hear your heart beating in your chest
The world slows till there s nothing left
Skyscrapers look on like great, unblinking giants (oh)
In those heavy days in June
When love became an act of defiance

(F Am C Dm E7)

[Ponte]

Hold on to each other
Hold on to each other
Hold on to each other
Hold on to each other

And you were broken-hearted and the world was too
And I was beginning to lose my grip
And I have always held it loosely
But this time I admit
I felt it really start to slip
