

Make Up Your Mind
Florence And The Machine

[Verse I]

Am
I never thought I'd be a killer
C G
Cause there's so much to lose
Am
But if I can't drink the water
C G
What else can I do
Am
And although the axe is heavy
C G
It just sits in my hands
Am
While you're changing like the current
C G
Not on shore, on land

[Pre-Chorus]

F G
Every time I try to bring it down
Dm Em
You always turn my head around

[Chorus]

Am G
Make up your mind (make up, make up)
C F
Let me leave or let me love you
Am G
While you've been saving your neck
C F
I've been breaking mine for you
Am G
The power is on, the guillotine hums
C F
My back's to the wall, go on, let it fall, oh
Am G
Make up your mind (make up, make up)
Em F
Before I make it up for you

[Verse II]

Sword in hand
