

Queen Of Peace  
Florence And The Machine

Am G  
Oh, the king

F  
Gone mad within his suffering

Am G  
Called out for relief

Em F  
Someone cure him of his grief

Am G  
His only son

F  
Cut down, but the battle won

Am G  
Oh, what is it worth

Em F  
When all that s left is hurt

Am G  
Like the stars chase the sun

C Dm  
Over the glowing hill, I will conquer

Am G  
Blood is running deep

C Dm  
Some things never sleep

Am G  
Suddenly I m overcome

C Dm  
Dissolving like the setting sun

Am G  
Like a boat into oblivion

F Dm  
Cause you re driving me away

Am G  
Now you have me on the run

C Dm  
The damage is already done

Am G  
Come on, is this what you want

F Dm  
Cause you re driving me away
